Last year we made a report in a form not before used in this town; one answering more nearly the requirements of law, which has been adopted in many, perhaps most towns in the State, and was in our opinion more appropriate than that previously in use. This year we followed the form of our last report. The schools have been as successful as in years previous, no one requiring special comment from us. It has been thought that the school interests of one section required a change, and we have, with our own Selectmen, together with the Selectmen and School Committee of Moultonborough, united a portion of district No. 22 in Ossipee, with district No. 16 in Moultonborough, forming one district to be known as district No. 19 in Ossipee. The remaining portion of No. 22 should be annexed to some adjoining district or districts; it may be to No. 9.
